THE VERY LATEST NEWS BY TELEGRAPH.

Herald and Tribune on the New York Convention---A Washington Postoffice Clerk Jailed, &c.

NEW YORK, Feb. 26.—The *Tribune* congratulates the Republicans of New York upon the harmony which prevailed in the convention, and says the convention will be certain to have the effect of making discussion on the Presidential question, which began in earnest among the masses of the Republican party after snap judgment in Pennsylvania, more vigorous and exciting.

The *Herald* says: Resistance to the third term has proved altogether stronger than anybody dared to hope or ventured to predict twenty-four hours before.

Iowa Democratic Convention.

DESMOINES, Iowa, Feb. 26.—The Democratic State Convention will be held at Burlington, April 7th.

Chattanooga Gives a Thousand.

CHATTANOOGA, Tenn., Feb. 26.—The city of Chattanooga forwarded one thousand dollars to-day to Patrick Egan, Secretary of the Irish Famine Relief Fund, Dublin, as her contribution for the relief of the Irish people.

The Fire Record.

POTTSVILLE, Pa., February 26.—The breaker at Mount Carmel, owned and operated by Montetius & Co., was destroyed by fire this morning. The breaker had a capacity of ten thousand tons per month, and one of the oldest in the region. Loss $35,000.

Her Tongue Was Too Long.

NEW YORK, Feb. 26.—A London special says that Countess Heurdrikof, wife of one of the masters of the ceremonies of the Imperial Court, has recently been banished from the empire for saying that if the Empress should die, the Emperor would probably marry Princess Dolgoruki.

Jailed for Stealing.

WASHINGTON, D. C., Feb. 26.—Edwin R Hayes, of Tenn., a clerk in the postoffice in this city, was arraigned in the police court to-day upon a charge of misconduct and embezzlement. He waived an examination, and was committed to jail. The amount alleged to have been taken by Hayes is eight hundred dollars.

Irish Relief.

DUBLIN, February 26.—The Mansion House relief fund now amounts to seventy eight thousand pounds. The Committee estimate that they will require one hundred and six thousand pounds more to complete their work. The grants thus far made amount to 30,000 pounds. The Duchess of Marlborough's fund now reaches sixty-three thousand pounds, of which six thousand pounds have been expended.

Indian Depredations.

CORPUS CHRISTI, Tex., Feb. 25.—Last night a band of fifteen Indians attacked a Mexican wagon train consisting of six wagons heavily loaded with goods from Chihuahua, en route for Loreda, and captured three drivers and the live stock belonging to the train. The teamsters escaped and brought the news of the attack to Euceras, from whence twelve men went in pursuit. The Indians were well mounted and armed, and drove towards the Rio Grande river.

Governor General's Office Abolished.

ST. PETERSBURG, Feb. 26.—Office of Governor General of St. Petersburg has been abolished, and municipal power is vested in a commission of supreme control under the independent direction of General Louis Melikoff. Energetic measures will be taken against revolutionary schemes.

The appointment of General Melikoff gives general satisfaction, and confirms previous indications that the present crisis will not be made a pretext for increased repressive measures.

Municipal Arrests.

LONDON, Feb. 26.—A Paris dispatch to the *Times* says the inhabitants at St. Petersburg are beginning to attribute the nihilistic crimes and menaces to students of the city, and threaten that if any criminal act is done on the twenty-fifth anniversary of the Emperor's accession to the Throne, that they will burn down the University and lynch every student who falls into their hands. The government is now forced, therefore, to take measures for the protection of the students.

Starving to Death.

NEW YORK, Feb. 26.—A Dublin special says: A correspondent on Her Majesty's gunboat Goshawk, which is distributing meal among the western islands, writes from Innishark, off Galway, as follows: It is a terrible state of affairs; fifty families here eke out a miserable existence; their houses are small heaps of dirty stones. Their land is rock and soft bog. Hunger and want are everywhere visible. People go naked without food; many are slowly starving to death. Such scenes of appalling destitution I never before witnessed. The more we saw more certain did death from starvation appear inevitable to be the fate of every man, woman and child on the island. In many cabins children crouched shivering and almost naked around the fire, when I entered they sprang behind their mother, whose single garment, a thin dress, was but slight protection against the wind which blew through the broken roof. On the fire was dinner, a pot of brown-green seaweed. The same correspondent writes from Innisboff concerning the shocking maladministration on the part of officials there. The government dispensing officer has no drugs, the relieving officer no food.

The Grant Family at Table.

From the Hour.

Shades of Careme! At a table d'hote, a short time ago, an ex-President of the United States was sitting with down cast eyes and solemn mien. "Father," cried his son, handing him an admirably cooked poulet a la Marengo, "have some of this chicken-pie." a"Ta'nt pie, Fred," replied the savior of his country, "it's chicken stoo."

Little Aleck Will Speak.

Philadelphia Chronicle.

It is cowardly for the great big democratic party to throttle little Aleck Stephens. And then it isn't wise, for when the old man wants to speak he always manages to get his speech in.

TELEGRAPHIC SUMMARY.

The Iowa Democratic Convention will be held at Burlington, April 7.

The Illinois Republican Convention will meet at Springfield, May 19.

Alfred Haertz has been arrested in New York for committing a $6,000 forgery in Kansas City, Missouri.

Mass & Vahlen's picture frame and moulding works, New York, were burned Wednesday. Loss $30,000.

Mr. Paul Talbert, of Prince George's county, Md., died a few days ago, in the ninety-second year of his age.

M. de Lesseps, accompanied by a number of civil engineers, visited various places of interest in New York Wednesday.

The comptroller of the currency has called for a report showing the condition of the national banks at the close of business on Saturday, the 21st inst.

Bills are now before the General Assembly of Virginia for employing female clerks in the public offices of the State, and for establishing normal schools for females.

At a meeting of the stockholders of the Burlington, Cedar Rapids and Northern Railroad, the proposition to lease the road to the Chicago, Rock Island and Pacific Company was defeated.

General Grant held a reception Tuesday night at the residence of Minister Foster, in the City of Mexico. To-day a grand festival in his honor will be given in the principal plaza. Four hundred musicians will participate.

Delegates to the Republican National Convention were elected in all the Congressional districts in Indiana. A majority were uninstructed, but 12 are known to favor Blaine, 2 Sherman, and several are Washburne men for second choice.

The Governor vetoed a bill passed by the readjuster's majority in the Legislature, changing the system of appointing subordinate officers and guard at the penitentiary by requiring such appointments to be made by the executive, with the consent of the Senate, whereas the appointing power has heretofore been vested solely in the Governor.

In the Louisiana Senate the Republican Senators Cohen, Demas, Stewart and Semmes were formerly declared in contempt for signing a memorial in favor of Kellogg to the United States Senate, in which gross charges were made against the Legislature. On being arraigned at the bar of the Senate they declared that no contempt was intended. Further action was postponed.

Russia and Germany want to "kiss and disagee."—A large tenant-right meeting in Ireland was dispersed by Orngemen.—The Spanish royal tribunal has confirmed the death sentence of Otero, the would-be regicide.—Queen Victoria will visit the tomb of the Princess Alice, in Germany.—The Greek brigands ask £15,000 for Col. Synge.—The House of Assembly at Frederickton, N. B., was burned last night.

Diamonds Made at Last.

New York Tribune.

The announcement contained in the cable dispatches to-day of the successful manufacture of diamonds by a Scotch chemist, derives its great significance from the fact that Mr. Maskelyne, who makes the announcement, disputed and disproved a similar claim made by another Scotch chemist scarcely more than a month ago. Mr. Mactear, of Glasgow, declared that he had succeeded in making what he called "pure crystalline forms of carbon," which had the appearance of diamonds, and withstood a number of tests, and were believed by several scientific gentlemen to be actual diamonds. Curiously enough, about the same time, still another Scotchman, Mr. Robert Baxter, of Dundee, made substantially the same claim, but his statement does not seem to have attracted public attention. Mr. Maskelyne, who is the Mineralogist of the British Museum and a distinguished expert, swept away Mr. Mactear's claim by showing that his "diamonds," when rubbed between two surfaces of sapphire, did not abrade the stones, and could not be ignited upon a foil of platinum, as would have been the case with real gems. Mr. Maskelyne pronounced Mr. Mactear's product to be a crystallized silicate, and the latter, though at first protesting, finally accepted the conclusion as correct. It is Mr. Maskelyne who now says there is "no doubt whatever" that Mr. Hanny, of Glasgow, the third in this line of Scotch alchemists, has succeeded in discovering the modern philosopher's stone.

There is possibility, which is scarcely a possibility, that the British Museum expert may have been deceived in some particular, but it is not likely that a man of his scientific rank would commit himself so thoroughly without having been first entirely convinced. He distinctly states that the two final tests, noted above, which destroyed Mr. Mactear's claim, have established that of Mr. Hannay. The new diamonds score "deep grooves in the polished surface of the sapphire," and ignite on a foil of platinum. The process of their manufacture is to be revealed shortly to the Royal Society, when, doubtless, the whole world will know it. The discoverer is plainly compelled to take this course in order to prove his truthfulness, and he is thus shut off from the prospect of pecuniary profit, if he desired it. It is needless to say that the disclosure will be awaited with intense interest everywhere. The utmost effort of science has never succeeded in revealing or even indicating the processes by which Nature manufactures these wonderful stones, and for chemistry to anticipate Nature, as it were, will be a marvellous episode in the history of science. Those who are inclined to be wholly incredulous should remember the scientific miracles that have been performed in recent years—the liquefaction of oxygen and hydrogen, the transmission of sound by the telephone, the reproduction of sound by the phonograph, etc. It may still be found that full success in diamond-making has not been reached, but it is by no means impossible and it has long been sought. It is near, ly two centuries since the academicians of Florence reduced the diamond to carbon, and men's minds have been busy much of that time with attempts to reverse the process, and bring back the diamond from the carbon.

But artificial diamonds are not likely to be anything more than scientific curiosities. The owners of jewels may comfort themselves with that hope. Nothing is said in the dispatches of the size of the artificial stones, but it is not at all probable that they were large enough to have any commercial value. The Mactear "diamonds" were only one thirty-second part of an inch in diameter. Dr. Perry, a learned man, writing to the London papers during the excitement caused by the supposed discoveries of Mactear, expressed his belief that diamonds would one day be made by the chemists, but at the same time showed strong doubts whether they would ever find a place among jewelers' wares. Alumina, the case of the sapphire and the ruby, was long ago crystalized, but sapphires are not manufactured. The balas ruby, as Dr. Percy showed, was artificially made by a German chemist forty years ago, but rubies are not manufactured. The Hanny diamonds may be of use in the arts, but that they will ever glitter on the brow of beauty may safely be considered as very doubtful indeed.

CONGRESSIONAL CHAT.

YESTERDAY'S PROCEEDINGS OF THE 46TH CONGRESS.

Remarks on the Late Senator Houston—Monroe Doctrine—Inter-State Commerce Commissioners.

By Telegraph to the News.

SENATE.

WASHINGTON, D. C., February 24.—Senator Maxey, from the committee on postoffices and post roads, reported, with an amendment, the Senate bill to authorize the refunding to post masters of the funds or valuable letters lost or stolen, placed on the calendar.

Senator Blair submitted a resolution directing the Secretary of the Navy to transmit to the Senate any information in possession of that department in relation to the present condition of affairs in Alaska. Adopted.

The Senate then proceeded to consider the calendar.

At the expiration of the morning hour Senator Morgan submitted a resolution expressive of the regret of the Senate at the death of Senator Houston of Alabama.

The resolutions were adopted and eulogies upon the deceased Senator were pronounced by Senators Hamlin, Morgan and Davis, of Illinois; Thurman, Salisbury, Pendleton and Prior.

The Senate then adjourned.

HOUSE.

Mr. Warner, of Ohio, called attention to the fact that no response had been received from Secretary of the Treasury to the resolution calling upon him for information as to the connection of the Treasury with the New York clearing house, and stated he would in a short time offer a similar resolution. Mr. Warner introduced joint resolution reaffirming the Monroe doctrine. Referred to the inter-oceanic canal committee.

Mr. Reagan, Texas, chairman of the Committee of Commerce, reported a bill to establish a board of commissioners of inter state commerce. Also following bills which he stated would be offered as substitutes for that bill to regulate inter-state commerce, to amend act of 1866, to facilitate communication between States. The three bills were ordered to be printed, and made special order for the fourth Wednesday in March.

At 12:45 the house having dispensed with the morning hour, went into Committee of the Whole on the Star Service deficiency bill.

Mr. Page, of California, opposed the bill on the ground that it favored some sections of the South at the expense of the West. The service had been, he said, increased on nineteen routes in the 6th Georgia district, not one of which this bill would touch, while it struck at 107 routes in the West.

After considerable discussion, Mr. Baker, of Indiana, in behalf of the appropriation committee, submitted for the whole bill a bill, the first section of which appropriated $970,000 for the inland star routes during the remainder of the current fiscal year at contract prices existing on February 1st, 1880, promising that increased compensation in excess of $2,500 on any route for expediting service shall be reduced on March 1st to the terms of the original contract, and that there shall be no reduction of the number of trips per week, and that henceforth there shall be no expediting of the service on any star route.

After a long debate, Mr. Page, of California, moved to strike a proviso out of the pending bill, so as to make it appropriate to whatever amount it shall be necessary for the Star service during the remainder of the fiscal year, at or within the existing contract prices. Negatived—yeas 80, nays 119.

Mr. Blount, of Georgia, moved as a substitute for the first section of the pending bill a corresponding section of Mr. Baker's bill, introduced to-day, (summarized above.) Agreed to.

Mr. Blount then moved to amend the second section of the bill by striking out the appropriation of one hundred thousand dollars to increase service on the existing routes. Agreed to.

The committee then rose and reported the bill to the House and it was passed.

The House then adjourned.

STATE NEWS.

HARNETT.

HARRINGTON, February 25.—The weather is somewhat cool and pleasant, though windy.

Jonesboro and Sanford are still buying cotton freely and paying good prices.

Mr. D. N. Sexton, mentioned as having been hurt by a mule, is dead.

Our Superior Court met last week, no cases of importance on the State docket which was finished by noon on Tuesday. No aid to the Railroads from Harnett, this time. Court adjourned on Thursday. Several old civil cases, it seems to me, ought to have been tried, but very few were disposed of.

When a Judge strikes Harnett he seems to be on a hot grid-iron 'till he brushes the dust of our good old county from off his feet. A man, when he is paid to do a thing, ought to do it.

Mr. W. D. Harrington came very near having his dwelling burned last night by emptying hot ashes in the chimney corner of the kitchen, when discovered it was burning the corner and in a few minutes more it would have been past control. Housekeepers take warning.

Last Saturday at Egypt, Mr. John A. Munn, of Mann's Station, overturned his buggy, breaking his arm just above the elbow.

Jonesboro has got a brass band and the boys can *sorter* note the scale and claim to be able to play "Old Hundred." If they don't succeed it won't be the fault of their leader, Mr. A. H. Cox, who served as leader of the 50th Regiment band during our late unpleasantness.

JOHNNIE REB.

The Theatre Royal.

Dublin Theatre Royal, which has been destroyed by fire, is associated with the most famous names on the dramatic or lyric stage. Mario, Malibran, Grisi, Patti, Fanny, Ellsler, the elder Booth, the Keans and the Kembles, James Wallack, Fechter, Charles Mathews, Boucicault, and many others have been applauded there, and for two years Lester Wallack played in it as gentility and walking gentlemen.

A Clergyman's Opinion.

Having had an excellent opportunity to test the excellent qualities of Dr. Bull's Cough Syrup, I hesitate not to say, it is the best remedy I have ever used in my family.—Rev. Wm. Chapman, Pastor M. E. Church, Georgetown, D. C.

J. L. Stone sells Sewing Machines, Pianos and Organs on the installment plan, he also sells Sewing Machine Needles, Butterick's Patterns, Spool Cotton, etc., but he sells these strictly cash.

WINSTON BOOMING.

The Largest Breaks Ever Known in This Market.

Winston Leader:

Never before in the annals of Winston, as a tobacco market, has there been such a quantity of the weed brought here as there was last week. The oldest tobacco men say they have seen nothing like it before. This proves conclusively that farmers are learning where good prices rule and highest averages are obtained. Monday, Tuesday and Wednesday, of the past week, were marked by the advent of an immense number of wagons that poured into Winston, freighted with the "bright leaf." The number has been estimated at 300; and this, too, when there was no special sales, or anything of the kind to induce the farmers to market their crops. The warehouses were full, to their utmost capacity. Managers and employees did not take time to talk. Buyers were active and vigilant, and farmers wore smiling faces at the prices obtained.

The assertion will be borne out by facts, that Winston sells more of the farmers tobacco than any other market in the State. The average prices are also equal to any, if not better. Farmers are beginning to learn this and consequently new one are coming here and the Winston tobacco market is rapidly increasing. Very justly so, too. Our market has large orders, both home and foreign, and there is a steadily increasing demand for all that is brought here, so that farmers need have no fear of glutting the market.

The Louisburg—Franklinton Telephone.

Correspondence of the News.

LOUISBURG, N. C., Feb. 25.—The contractor for the erection of the Telephone from this place to Franklinton, commenced work yesterday. The Louisburg Telephone Company was organized several weeks back, with Mr. Geo. S. Baker as President, Mr. F. N. Egerton as Treasurer, and Mr. E. G. Brown as Secretary; B. P. Clifton, James A. White and J. A. Thomas as Directors. The contract for building the line was given Mr. J. A. White; so you see we will soon be in communication with the world. Well, it is time, for our town has been in the woods for just one hundred years. Other improvements are going on. The splendid flour and grist mills here, under the management of Colonel J. F. Jones, is being put in thorough repair. The best and most improved machinery will be used. We hope the Colonel will conclude to build a cotton factory in connection with his manufacturing mill. He has already in successful operation a cotton factory about ten miles from here, at Laurell. He is a thorough, wide-awake, progressive man.

The largest and most exciting Magistrate's court ever witnessed here, was held on last Saturday, his Honor P. J. Brown (a venerable old J. P.) sitting on the case. One Nathan Shaw, a colored gentleman, was much enamoured with Missouri Strickland, but this dusky damsel yielded not her heart and hand, but smiled upon one Cass Perry, whereupon it is charged that at about 9 o'clock on last Tuesday night the said Nathan repaired to the house of the said Cass Perry and shot him through a window, inflicting a severe if not dangerous wound. The evidence was sufficient for the Justice to bind Nathan over to the next term of our Superior Court in a bond of $500, which was given by Nathan.

The "Franklin Protection Society," with Mr. G. S. Baker as Secretary and Manager, and B. Burwell as Treasurer, with a competent and active Board of Directors, is fast becoming one of the most popular Societies, and is destined to be one of the most successful co-operative insurance societies in the State. It is cheap, safe and simple in its workings and the people see it, and since its organization (a few weeks since) has made progress most satisfactory to the Society.

One other thing I would not fail to mention: The beautiful square, in which our courthouse stands, and which has for so many years been most sadly neglected to the hurt of the elegant shade trees is, I learn, soon to be walled in with a strong and well finished rock wall.

Your correspondent knows nothing of a public character that so cheered him as the news of walling in the court square. It has indeed been an eye-sore to our people for a long time.

A destructive fire occurred yesterday about eight miles east from here. The steam gin and saw mill of Messrs. T. J. and J. F. Harris was totally destroyed. The insurance on this property we learn expired on the 6th of December last. This falls heavily on these two young men, who have worked hard and gathered together this property, to have it all swept from them in an hour.

Some little talk about county officers, conventions, &c., but not enough to assume any positive shape. One man only has declared himself through the *Times* (which by the way is a first-rate paper) as a candidate for Register of Deeds.

Eclectic Magazine.

The March number of the *Eclectic* contains a portrait which an immense number of readers will be pleased to have that of Charles Reade, the novelist. Mr. Reade has, until very recently, eluded all attempts of the photographer and portrait-painter, and this portrait in the *Eclectic* is, we believe, with the exception of a woodcut in a recent number of *Harper's Weekly*, the first that has appeared in America. It is admirably engraved on steel, and depicts a face full of character and expression.

The literary contents of the number are of the usual excellence and variety, and comprise the following articles: "Russian Nihillsm," including translations from the most important Nihilistic writings, by Fritz Cunliffe-Owen; "First impressions of the New Yorld," concluding paper, by the Duke of Argyll, by Dr. "A Teetotaller's Wine-Celler," by Dr. B. Richardson; "A Turkish Effendi on Christendom and Islam;" "Justinian," a poem, by Robert Buckanan; "The Origin of Species and Genera," by Alfred Russell Wallace; "Fighting Fitzgerald;" "White Wings: A Yatching Romance," by William Black, Chapters XX to XXII; "The Chinese Drama," by Robert K. Douglas; "To Portia at Belmont;" "Madamoiselle de Mersac," Chapters XXX and XXXI; "Rejected MSS.;" "The Autobiography of Prince Metternich;" "Let it Pass," a poem; "Charles Reade," a biographical sketch, by the Editor; Literary Notices; Foreign Literary Notes; Science and Art; Varieties.

A Painful Reflection.

Washington Post.

Mr. Henry Watterson felicitously alludes to Washington as "a reservoir of idiocy and rascality." We are pained to reflect that the refusal of the Senate to allow Mr. Watterson's father to drop into this unsavory compound, after having first filed an official tag to his neck, may have something to do with this opinion.

THE BEST PROPOSITION

FOR THE PURCHASE OF THE WESTERN RAILROAD.

What the New York Syndicate Proposes to Perform and What They Will Exact.

We publish to-day the Proposition of the New York Syndicate for the purchase of the Western North Carolina Railroad property, as made throug Mr. William J. Best, their representative, and upon which the legislature will be called upon to act when that body assembles next month. We would have published this two days since but for the press upon our columns of more important matter, the publication of which could not be deferred.

The General Assembly of North Carolina do enact:

SECTION 1. That the Governor, Treasurer, Secretary of State, and Attorney General of the State of North Carolina be, and they are hereby appointed commissioners on the part of said State, to sell, assign and transfer all of the interest of the State in and to the stock, property and franchises of the Western North Carolina Railroad Company, in accordance with the provisions of this act.

SEC. 2. The said commissioners are hereby authorized and directed to execute and assign by a deed of trust to the United States Trust Company of New York City, in trust for William J. Best and associates, all the interest of said State in and to the stock, ways, railways, road-bed, rights of way, depot grounds, and other lands belonging to the same; all rails, bridges, viaducts, culverts, fences, depot station houses, engine houses, car houses, wood houses, freight houses, machine shops, and every other building or structure thereunto belonging, held, owned or used by said railroad company in conducting the business thereof; also all locomotives, tenders, cars and other rolling stock, all equipments, machinery, tools, implements, fuel, supplies, and material for constructing and operating the railroad of said company or any part thereof; together with all and every its corporate rights and franchises, and all and every right, estate, interest, property, claim, and demand whatsoever appertaining or in any wise belonging to said railroad company, and all salutatory claims or liens of said State against or upon the franchises of said company: *Provided*, That the interest of said State in and to said property shall be assigned subject only to a mortgage deed of the aggregate amount of eight hundred and fifty thousand dollars, ($850,000), and mortgage bonds of equal amount issued thereon, which said mortgage was executed on and by authority of an act of the General Assembly of North Carolina, entitled "An act in relation to the Western North Carolina Railroad Company," ratified the 13th day of March, 1875; and that the interest on said bonds be paid by the said William J. Best and associates from and after the ratification of this act: *Provided further*, That nothing in this act contained shall be construed to prevent said William J. Best and associates from settling and discharging of record said mortgage deed and the bonds issued thereon, for a sum less than the face or par value thereof, and that any sum saved in the settlement or compromise of said mortgage shall inure to the benefit of said William J. Best and associates.

SEC. 3. That on or before the delivery of said deed of trust, said William J. Best and associates shall enter into a contract with said commissioners for and in behalf of said State, said contract to be signed by said William J. Best and all his associates, and to contain all the provisions of this act, binding themselves to finish the railroad of said Western North Carolina Railroad Company to its Western termini at Paint Rock and the Georgia or Tennessee State line near Ducktown, according to the charter of said company, and all its amendatory thereof, and that said railroad be completed and put in operation to Paint Rock on or before the 1st day of July, 1881, and to Murphy, in the county of Cherokee, on or before the 1st day of January, 1885; and that the work upon said road shall be begun within two months from the date of the ratification of this act, and carried on with dilligence and energy until completed to Ducktown and Paint Rock: *Provided*, That the work upon said road shall be continued by the authorities of said State as heretofore up to the time when said William J. Best and associates shall take possession of the same, and all the moneys expended by said State from and after the ratification of this act, up to and including the day upon which said William J. Best and associates, their assigns, or successors shall assume control, shall be paid by them, and the renumeration of said State for the convict labor employed upon said road within the periods named shall be computed at and after the rate of one hundred and twenty-five dollars per capita per annum.

SECTION 4. That during the construction of the railroad of said Company, and until the same shall have been completed, said State shall furnish to said William J. Best and associates, their assigns or successors, not less than five hundred able-bodied convicts, who shall be under the supervision of an officer appointed by the Board of Directors of the State penitentiary, and said William J. Best and associates, their assigns or successors, shall pay to said State for and in consideration of the service of said convicts a price not exceeding one hundred and twenty-five dollars per capita per annum, which shall include the board, clothing, maintenance, supervision, and all other expenses, payable quarterly: that is to say, on the first day of May, August, November and February.

SEC. 5. That upon the execution of said contract said William J. Best and associates shall reorganize said Company upon the basis of a capital stock of four million of dollars, which shall be considered and deemed preferred stock; and there shall be set aside and reserved of said stock, for the benefit of the private stockholders of the Western North Carolina Railroad Company as the same may exist at the date of the ratification of this act, the sum of two hundred and twelve thousand, five hundred dollars, ($212,500,) which stock shall be divided, *pro rata*, between said private stockholders according to the number of shares of the stock of the said last mentioned Company, respectively held by them: *Provided*, That said Company, by a majority vote of the stockholders in interest, may issue second or common stock to an amount not exceeding fifteen thousand dollars per mile of said road, if, at their discretion, it should appear desirable or necessary to hasten the completion of said road; and said Company as reorganized by said William J. Best and associates, shall be governed by a board of nine directors who shall be elected by a majority vote of the stockholders in interest.

SEC. 6. That after its reorganization as hereinbefore provided, said Company may execute and deliver mortgage deeds with power of sale, to such trustee or trustees as may be selected by the Board of Directors, said mortgage deeds to be signed by the President and Secretary of said Company, by and under the direction of the Board of Directors, conveying the railroad, property and franchises, including roadbed, superstructure, equipment and all the real and personal estate of said Company to secure payment of such bonds and the interest thereon as the same shall become due, as it may issue to aid in the construction and equipment of its railroad: and said mortgage deeds, when duly executed, may be recorded in the Register's Office, in Rowan county, and its registration in that county shall be deemed an effectual and sufficient registration for all purposes, and it shall not be necessary to register the same in any other county, any other law to the contrary notwithstanding; *Provided*, That no sale under the mortgage deeds herein provided for shall be made by virtue of any decree of foreclosure without giving ninety days notice thereof in three newspapers published in the State of North Carolina.

SEC. 7. That the bonds to be issued under the first of said mortgage deeds shall not exceed the sum of fifteen thousand dollars per mile for each mile of road finished and ready for operation, and said bonds shall have printed in the body thereof that they are issued for the purpose of completing the railroad of said company, and that the mortgage deed of said company, executed to secure the payment of said bonds, cannot be foreclosed until said railroad shall have been completed to Paint Rock and Murphy aforesaid: *Provided*, that until the $850,000 of bonds now outstanding shall have been paid, the aggregate of bonds authorized to be issued, as provided in this section, shall be less than the amount named above by the sum of $850,000: *Provided further*, that neither by this act nor by the contract to be made by authority hereof is it the intent to affect or impair the mortgage now upon said road as security for said bonds.

SEC. 8. That the bonds to be issued by said reorganized company shall run for a period not exceeding thirty years, and shall bear interest at the rate of six per cent. per annum, payable semi annually, on the 1st day of January and July; and the bonds be issued to said State, as provided in section nine of this act, shall commence to bear interest on the 1st of January, 1881, and no bonds herein authorized to be issued shall commence to bear interest at an earlier date.

SEC. 9. That of said bonds there shall be delivered to the Treasurer of said State the sum of five hundred and fifty thousand dollars ($550,000), par value, in payment for the disbursements of said State on account of said company; and until the delivery of said bonds, said State shall retain the lien it now has upon the property of the company, as provided by law.

SEC. 10. That upon the certificate of the commissioners, hereinafter provided for, that the railroad of said company has been completed according to the provisions of this act, the United States Trust Company of New York city shall deliver to said William J. Best and associates, their assigns or successors, the deed of trust executed and assigned to them in trust for said William J. Best and associates, as hereinbefore provided.

SEC. 11. That in the event said William J. Best and associates, their assigns or successors, shall fail to carry out said contract, the measure of damages shall be that the grants made to them under said deed of trust shall become null and void; and upon the certificate of the commissioners provided for in section fourteen of this act that such failure has been made, said Trust Company shall deliver to said State or its duly accredited agent, or agents, the stock of and claims against said railroad company, together with the paper writing signed by the commissioners of said State, and deposited with said Trust Company, as well as all other instruments assigned to said Trust Company in trust for said William J. Best and associates.

SEC. 12. Upon notification to the Governor of said State that said William J. Best and associates, their assigns or successors, have neglected or refused for the period of ninety days to comply with and perform the covenants, agreements and provisions in said contract and this act contained, said Governor shall notify said William J. Best and associates who sign said contract, their assigns or successors, immediately to proceed with the work of completing the railroad of said Company according to said contract and the provisions of this act, and should they fail to do so for a period of thirty days from the date of such notice, the Governor shall then appoint one Director from each Congressional District, and one from the State at large, who, together with the Directors to be chosen by the private stockholders, as hereinafter provided, shall elect one of their number President, and such other officers as may be necessary, and shall at once enter into the possession and absolute control of the property of said Company as it may then exist, and shall occupy and use the same as they may deem best, and shall proceed forthwith to complete so much of said road as may be then uncompleted, upon such terms and in such manner as may be agreed upon by them and the said William J. Best and associates, their assigns or successors. And at the time of the appointment of the Directors, as in this section provided, it shall be the duty of the Governor to call a meeting of the private stockholders of said Company to assemble at such time and place as he may designate, and when assembled they may, by a vote of a majority of the private stock, proceed to elect three directors to co-operate in the organization, management and control of said Company.

SEC. 13. That if said William J. Best and associates, their assigns, or successors, shall fail to observe and perform the contract made with them in pursuance of this act, of which this shall be a part, and the property of said Company shall again come into the control of said State, as provided for in this act, all that part of said road from Salisbury to Paint Rock, together with the property, real and personal, including rolling stock and equipments thereunto appertaining or belonging, shall be free and discharged of any and all liens, claims and demands whatsoever by said William J. Best and associates, their assigns, or successors, or by any other person or corporation, saving and expecting the lien of the eight hundred and fifty thousand dollars now outstanding against said railroad, together with the actual and necessary amount expended by said William J. Best and associates, their assigns, or successors, in building, repairing and equipping said road between Salisbury and Paint Rock, any provisions in any contract or mortgage made by said Company, its assigns, or successors, to the contrary notwithstanding; and the amount of said expenditures for constructing, repairing and equipping said road from Salisbury to Paint Rock shall not exceed in the aggregate the sum of eight hundred and fifty thousand dollars, ($850,000), and the holders of this indebtedness, whether in bonds or other evidences of debt, shall have no other lien on said

SICKENING STORY.

AN INHUMAN MOTHER COMMITS INFANTICIDE.

A Rowan County Woman Holds the Knife While Her Child's Throat is Cut With It.

Charlotte Observer, 26th.

A story of a horrible infanticide in the Black Creek country of Rowan comes from Mooresville. The criminals are Mary Jane Poteet, a sixteen year old girl, the mother of the child, Scott Rankin, colored, the father, and his wife Jane Rankin. Rumors to the effect that infanticide had been committed had been in circulation in the vicinity for the last three weeks, but nothing definite was known until the house of a widow woman named Miller was broken into on Sunday, and the negro boy, Scott Rankin, being suspected of both crimes, was arrested, and confessed that about three weeks ago he had found the body of his and Mary Poteet's child in an unoccupied house, about three hundred yards from that in which the girl lived, where his wife had informed him that she had left it, and that he had taken it and buried it in a fence corner, about half a mile away. The body of the child was found in the place he described, buried about two inches under the soil. The throat was cut from ear to ear, and it had apparently been buried about three weeks. Mary Poteet and Scott Rankin's wife, Jane Rankin, were then arrested, and on Tuesday Coroner Fraley, of Rowan, and Doctor J. J. Summerel, of Salisbury, held an inquest and post mortem.

Mary Poteet tells the following story: Her mother, she said, was dead, and on the morning of the day on which she gave birth to the child, her father had gone away from home, leaving her alone with the man Scott Rankin and his wife. He had been in the habit of leaving her in this way a great part of the time since her mother's death. Shortly afterwards she was taken in labor with no one in the room with her except Jane Rankin. The child was born, and she and Jane had killed it together, she holding the knife and Jane taking hold of her hand and drawing the blade across the child's throat. While they were engaged in this Mary's brother, a boy about fourteen, came from school and was sent away from the door by Jane. The woman denies having touched the child at all, but says that she had Scott to bury it. Mary's father denies any knowledge of the matter whatever.

Mary Poteet is described as a very decent looking white girl of between 16 and 17 years of age. It is stated that she appeared entirely unmoved during the examination, and described the murder of the child without showing any emotion.

Scott and Jane Rankin are both coal black negroes and Jane is described as looking quite respectable.

The three were taken to Salisbury where they were jailed. The place where this crime was committed is about five miles from the scene of the death of George Pethel's wife, for which he was tried for his life, and Mary Potect is said to have been a full cousin of that unfortunate woman.

From Morehead City.

Correspondence of the News.

MOREHEAD CITY, February 25.—The weather since the coming in of the new year has been the most remarkable ever seen at this season of the year. It has been as mild as May.

A spirit of progress seems to begin to smile on our citizens, who are generally intelligent, as is shown by the deep interest they manifest in the cause of education. Our people seem fully impressed with this important truth,—that no town can prosper that neglects its educational interest. We have a good school here, conducted by Professors Brinson and Lee. They are able and experienced teachers, and they have over one hundred scholars already and expect others soon.

In addition to the hotel there are quite a number of small dwelling houses being erected in nearly all parts of the town. The building of the hotel at this place is progressing as rapidly as can be expected; if nothing happens it will be completed by the middle of June. It will be the largest hotel in the South, the erection of which is an important step, and of more significance to Beaufort harbor than anything which has transpired since the building of the railroad. It will attract among the visitors to the seaside persons from abroad, who otherwise would never have heard of the magnificent advantages and facilities of the harbor as a shipping port, &c. The success of a hotel at Morehead City will lead to the rebuilding of the ill-fated Atlantic Hotel at Beaufort, which was swept away by the storm last August, and thus in a few years there will be others at Morehead City and Beaufort, which will constitute one of the largest seaside resorts on the Atlantic coast. Who knows but the storm last August may prove a blessing so far as the interest of the two towns are concerned?

Gov. Jarvis has called an extra session of the General Assembly for the purpose of considering the proposition by Eastern "syndicates" to purchase the Western North Carolina Railroad, which is an important link in the railroad chain which connects the "Great West" with the Atlantic coast, via Asheville to Morehead City, for which line the Governor has been a zealous worker. We would much prefer the State would hold on to the road and push it to completion; but if upon mature consideration it be thought advisable to sell it, the contract should carefully protect the State's interest and guard her people against perpetual annoyance and damage through the operations of a company having no other desire than to make what they can for themselves, and may, by so doing, destroy the only chance left of having a "Grand Trunk line" from the seashore to the mountains, which the near future was destined to bring about.

There is very little said about politics. We think the Republicans are for Grant for President, but Gen. Abbott, one of the agents from the Treasury Department, keeps the office-holders' toes to the Sherman line.

We say by all means let them nominate Grant; he is the easiest candidate to beat; he has the odium of all the bad rings &c., of his eight years' rule to carry on his shoulders; besides his candidacy would mean Grant for perpetual President, if not a monarchical form of government.

The Cost of Illustrations.

That the publishers of Scribner expect to spend at least $25,000 on the illustrations of Schuyler's History of "Peter the Great" has been already announced. The cost of the pictures in the February (Midwinter) Scribner was understood to be nearly $5,000, while it is said that more than $2,500 has been spent on the illustrations of a single article in the March Scribner—"The Tile Club Afloat," which, with its thirty-nine illustrations by many of the leading artists of this country, will be a brilliant feature of the number.

DAILY NEWS

FRIDAY FEBRUARY, 27, 1880.

GEO. C. JORDAN, Editor and Propr

COTTON factories already established are making handsome profits and turning out first-class goods, and there is room for many more throughout the State. It has long been a standing rebuke to us that we are compelled to send our cotton North and to Europe in order to have it manufactured into fabrics that we need and which we have to purchase at high prices. Everything in the shape of cotton fabrics worn in the South should be manufactured here We should then be independent of New England mills, and retain among our own people the millions of tribute we now pay to the North and Europe. The day will come when the North and East will buy their cotton goods from the South, as now we are in great measure compelled to purchase from them. Let us hasten that time by following the example of Georgia in the erection of mills in which the fleecy product of our fields shall be woven into cloth, and strive with earnestness to make North Carolina not alone an agricultural but a manufacturing State. Why should we not make our own shoes, and hats, and flour, and agricultural implements and furniture? We have every requisite of climate, material and labor, and many of the articles which we now buy from the West and East can be made here much more cheaply and equally as well. We desire to see our people turning their attention to this subject, which is fraught with so much interest to North Carolina and the entire South.

MR. BEST'S PROPOSITION.

We print to-day in full the bill framed to effectuate the sale of the Western North Carolina railroad, and which the General Assembly at its special session to convene on March 15th, will be called upon to consider. Heretofore the NEWS has expressed no opinion as to the advisability of the proposed sale. We preferred that the matter should assume a distinct and definite shape; that the proposition of those who desire to purchase should be placed before the public in its entirety; itemized, so to speak, before we pretended to discuss it and announce our opinion concerning it. It is a question which, while affecting more especially the people of Western North Carolina, is also of deep and serious moment to the people of the State at large. It is a question concerning which many of our best and truest citizens differ, and in the solution of which the welfare of which the welfare of the State is seriously involved. It needs their careful consideration at the hands of the representatives of the people, soon to assemble, and the answer should be such as will best subserve and protect the interests of the whole people.

The inability of the State to complete the road, that is the main line to Ducktown, seems to be universally conceded. It seems also to be conceded that the faith of the State, so far as it can be by party platforms and the course of former legislation, is plighted to the construction of the road. The concession of these propositions seems to us to lead inevitably to the conclusion that if the State cannot build the road she is in duty bound to make such disposition of it, which, while securing the State against possible liability, will insure to the trans-montane section, the fulfillment of the obligation, which they hold against the State, of providing its citizens an outlet to the world.

If the General Assembly, after due investigation shall find that the offer of Mr. Best, sufficiently secures the State against liability on account of the $850,000 of mortgage bonds guaranteed by the State, secures also to the State $550,000 as compensation for former expenditures, secures also beyond peradventure the completion of the main line of the road to Ducktown, and generally, if all the minor details of the bargain are perfected in such manner as they should be, then we do not hesitate to say that it will be the paramount duty if the General Assembly, a duty that they owe no less to the people of Eastern and Central North Carolina than to the people of the West, to complete and satisfy the sale.

We believe that as the details of the offer, come to be thoroughly understood, there will be but few dessenting voices to its acceptance, if the guarantees on the part of the purchasers are satisfactory.

His Record.

Brooklyn Times.

We have known Grant as an ordinary military subaltern, as the partner in an unsuccessful tanning enterprise, as a soldier with a wonderful knack of winning battles, and as a President with an almost equal knack of losing States.

Tammany and Decent People.

Baltimore American.

Some members of the Tammany gang have gone to Washington to rail at Tilden, pending the meeting of the democratic national committee. The hatred of Tilden by Tammany is a great point in his favor with all decent people.

The Grant Boom Boiled Down.

Indianapolis News.

The "Grant question" is simply this: "Are the politicians to force upon the people a man whom they have declared by a large majority that they do not want?"

Public Hangings.

Baltimore Sun.

In Great Britain public executions have been abandoned on account of demoralizing influences, and in many States of this country hangings are now also conducted in comparative private. But the spectacle presented in Murfreesboro, Tenn., on Friday last, of two men standing on the gallows surrounded by a crowd of spectators who occupied an ampitheater of reserved seats at one dollar a head, ought to show the necessity of having judicial hangings removed from being a public show in every State. It is hard to understand how an execution of the final decree of justice is to have any salutary effect when its sentence is carried out to the clinking of beer glasses and the roasting of fat oxen.

Still Going West.

Greensboro Patriot.

Within the past week forty-one emigrants, with ten children, left this point for homes in the Western States. Among them Mr. Massey formerly a prominent citizen of Stokes county, who with wife and eight children will locat in Missouri. They were people who had evidently seen better days.

Another party of thirty-six will leave Thomasville sometime next week.

The Price of Paper.

Hartford Times,

An order for printing paper that would cost $10,000 eight months ago, would now cost $18,000. High tariff and protection papers, as well as the free trade and revenue tariff advocates, appear to be of one opinion on this question, and it becomes Congress to act. The members will find that the people are now demanding newspapers, and they will not favor Congressmen who stand in the way of their not getting them at reasonable prices.

Repeal! Repeal!!

Augusta Evening News.

If congress shall not relieve the public from the rapacity of the paper makers, school books, and all other books, as well as newspapers, will be advanced in price. Relief, then, is a measure of consequence to everybody. The vast majority of people have to buy school books, and who does not buy newspapers? Repeal! repeal!!

The Outrage Mill.

Pittsburg Post.

One would hardly believe from the absolute peace which now prevails in all the Southern States that in less than six months the land will be filled with accounts of outrage so cruel and heartless that one would imagine that territory was inhabited by fiends, not reasonable Christian men.

Charles S. Prentice, of Toledo, O., went to Paris and thence to England to be treated for Bright's disease, and after the best physicians of both countries had done what they could for him, gave up in despair and returned to America to die. Here he received further treatment from other skillful physicians without benefit, and while "listlessly lingering in pain and anguish," he says, heard of the Safe Kidney and Liver Cure, took it, and was completely cured in a few weeks. He gives circumstantial details of his painful experience and astonishing cure, in a long letter to H. H. Warner & Co., which will be forwarded on application.

Among the large number of sportsmen in the city now but few, if any, may be called "dead shots" and the same is true of smokers, but the "dead shot" five cent cigar sold by W. C. & A. B. Stronach has been tried for years and never fails. It is therefore true to its name and only requires a trial to convince. Call for the "dead shot" and have no other.

Just open the door for her, and Mrs Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our "Susy" to say, 'A blessing on Mrs Winslow" for helping her to survive and escape the griping, colicking, and teething siege. MRS. WINSLOW'S SOOTHING SYRUP relieve the child from pain, and cures dysentery and diarrhœa. It softens the gums, reduces inflammation, cures wind colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—know her only through the preparation of her "soothing Syrup for Children Teething." If we had the power we would make her, as she is, a physical saviour to the infant race. Sold by all druggists. 25 cents a bottle.

Cuticura

BLOOD AND SKIN HUMORS,

The Scourge of Mankind. Old Methods of Treatment and Remedies a Failure.

CUTICURA RESOLVENT, the Great Blood Purifier and Liver Stimulant, is the most searching, cleansing, and purifying agent of this country. It may be detected in the saliva, sweat, milk, blood, and urine in forty minutes after taking the first dose, showing that it has entered the circulation and been carried to every part of the system. It forever eradicates the virus of Syphilis, Scrofula, Cancer, and Canker, those terrible blood poisons that rot out the machinery of life, filling the body with foul corruptions. Taken internally in conjunction with the external application of CUTICURA, the Great Skin Cure, it speedily cures Scrofulous Ulcers and Old Sores, Salt Rheum, Psoriasis, Tetter, Ringworm, Scald Head, Dandruff, and all Itching and Scaly Diseases of the Skin and Scalp.

ECZEMA ON THE SCALP.

BREAST AND LIMBS CURED.

Messrs. WEEKS & POTTER: Gnolemen—I cannot refrain from adding my debt of gratitude to you for having placed within my reach the wonderful CUTICURA REMEDIES, which have rendered unnecessary all further experiment of physicians, and in a remarkably short space of time have rid me of a loathsome disease. I dispensed with all physicians two years ago, believing they did me no good. The CUTICURA has stopped this unsatisfactory expense—even if it were necessary and I had the courage any longer to follow their advice—and brought the long-looked-for cure and happiness.

I have been afflicted with Eczema or Salt Rheum on my scalp, breast, and limbs for five years, during which time I have been under the treatment of physicians, or at mineral springs, or taking some kind of medicine. I have been treated by Drs ——, ——, Dr. —— of ——, and visited sulphur springs and taken numbers of patent medicines, all without the faintest approach to a cure.

April 1st last, I began the use of CUTICURA, which was immediately successful in my case, entirely curing me. I have not had a clean scalp for 15 years until the use of CUTICURA entirely healed it and left it clean and healthy. The other parts of my body were affected in a more aggravated form, but are now completely healed. I believe myself completely cured. I shall continue the CUTICURA RESOLVENT as directed, for its wonderful action on the stomach and bowels and cooling influence on the blood. It will afford me pleasure, as I have done in many cases, to urge the afflicted to use these wonderful remedies.
Yours, etc.,
STEPHEN CROWELL.
NEW BEDFORD, Sept. 30, 1878.

A RUNNING SORE

CURED IN ONE WEEK.

Messrs. WEEKS & POTTER:—Some three or four weeks ago I ordered a box of CUTICURA for a bad case of Salt Rheum. The back of one of my wife's hands was a running sore. In one week from the day it arrived her hand was well and has remained so up to to-day.
E. P. DAGGETT.
MILFORD, ME., June 10, 1878.
NOTE.—Reader, don't you think these cures remarkable?

CUTICURA SOAP,

MEDICINAL AND TOILET,

is prepared from CUTICURA in a modified form, and is positively indispensable in the treatment of Skin and Scalp Diseases. We recommend it for the preservation of the skins of infants, for gentlemen who shave and are troubled with tender faces, for those who desire a clean and wholesome Skin and scalp, and for all purposes of the toilet, bath and nursery. Its delightful and refreshing fragrance equals or surpasses the finest Parisian Soaps.

The CUTICURA REMEDIES are prepared by WEEKS & POTTER, Chemists and Druggists, 360 Washington street, Boston, and are for sale by all Druggists. Price of CUTICURA, small boxes, 50 cents; large box, $1. RESOLVENT, $1 per bottle. CUTICURA SOAP, 25 cents per cake; by mail, 3 cents; three cakes, 75 cents.

For Sale.

Notice.

By virtue of a mortgage in my hands for collection, I will offer for sale for cash, on Saturday the 14th day of February, 1880, at the hour of 12 o'clock, one House and lot in the city of Apex, the property of W S. Mann, adjoining the lands of G. W. Atkinsons and others to satisfy a mortgage in favor of Brinkley Barker, this the 14th day of January, 1880.
H. C. LASHLEE,
jan 18-dlaw3w Agent.

A Rare Chance for Investment.

Wishing to give my whole attention to the lumber trade, in which I am about to engage on a larger scale than ever before, I offer for sale on terms to suit the times the following valuable property in Cary:

I.

MY PLUG TOBACCO FACTORY, in a BRICK building 50x80 feet, 3 stories high, the lower story being two large storerooms. The Tobacco Machinery is new and has a capacity of manufacturing 1,000 lbs. per day. The factory has been worked a year, and a good beginning for a trade has been made. The building and the machinery will be sold together, or separately to suit purchasers.

II.

GRAIN MILLS,

in a 3 story brick building, 28x40 feet. Two Wheat Mills and one Corn Mill, new and complete with a capacity for grinding 100 bushels of wheat and 100 bushels of corn a day, and can compete in quality of flour with any mills in the State. The mills have had a very large local patronage during the past year. They are driven by a 60 HORSE POWER STEAM ENGINE, improved, of the make of Talbott & Sons, Richmond.

Attached to the engine is also a 60 Saw COTTON GIN and power press, at a safe distance (about 100 feet) in a different lot. The engine has a brick smoke-stack 60 feet high, making the danger from fire the least possible and the rate of insurance very low.

III.

Several well built and handsome residences, with lots and gardens of about 1 acre to each dwelling. They are wooden buildings, 2 stories high, with from 5 to 7 rooms each situated in desirable locations in the village.

Besides these, 4 one acre lots, with cottage buildings of 2 rooms.

TERMS: One-third Cash; balance on reasonable time.

SIDEWALK NOTES.

—Cloudy.

—Spring weather.

—No dead letters.

—Rather dull yesterday.

—Not a marriage license,

—Revenue receipts yesterday were $6,359.10.

—To stop a man from talking: cut his said off.

—Dr. Fuller, physician at the Insane Asylum, is quite ill.

—Ten thousand dollars in old bonds were received yesterday at the State Treasury for exchange.

—Geo. Green & Co., and H. Sonebourne & Co, of Baltimore, yesterday took out drummers' licenses.

—Pastors of the various churches are requested to send in their church notices punctually to-morrow morning.

—Sheriff Baker, of Ashe county, yesterday lodged two convicts with the penitentiary. White, and both convicted of larceny.

—Little Alex., son of W. C. Stronach, Esq., who was injured Wednesday by having a fire engine truck run over him, is doing well. No permanent injury is feared.

—The Legislative halls are being thoroughly overhauled and cleansed, preparatory to the assembling of the General Assembly which convenes on the 15th prox.

—Col. McDonald says the New York Republicans did exactly right. He thinks the only thing necessary to secure Sherman the Republican nomination, is that the fight between the Grant and Blaine men be kept up at the same lively gait that it is now traveling.

Death.

Mr. L. Matthews, of Harnett Co., died in this city Thursday night. His remains were yesterday conveyed to Harnett for interment.

Barbecue Dinner.

Mr. George T. Stronach yesterday gave a dinner to a number of his friends, at his farm in Swift Creek township. Everybody enjoyed themselves, and a good time generally was had.

Durham Items.

Wiley James died at Durham, yesterday aged 33 years. He is a native of Caswell, and a grandson of the late W. P. Mangum.

A tree fell across a couple of mules belonging to Capt. James Holeman of Person, yesterday killing them instantly.

Police Court.

Two countrymen stood in the dock at the Mayor's court yesterday, charged with the too lavish use of the "corn juice." It seems they tried to drink all the whiskey in town, but failed to reach the last bar-room on account of rheumatism in the legs. They had spent the night in the station house, and so His Honor let them go home with only a reprimand.

Charged With Rape.

Justice Barbee yesterday issued a warrant for the arrest of a man by the name of Fennell, who is charged with having committed a rape upon a little four year old girl, in Cedar Fork township. If the accusation be true, he must be a fiend in human shape indeed, and the severe penalty of the law should be meted out to him without stay or hindrance.

The "Farmer and Mechanic" Sold.

Messrs. Shotwell & Dowd, who have been publishing this paper for the past year or more, have effected a purchase of the same, and now have entire control of its management and own the establishment entire. These gentlemen have made the *Farmer and Mechanic* an excellent journal, and will no doubt meet with the success that the paper so richly merits.

Revelations.

Monday night, at Tucker Hall, these paintings, illustrative of the book of Revelations, will be exhibited. There are twenty-two of them and are said to be very grand; they are the work of a North Carolinian, Mr. Arthur L. Butt. The admission fee is a reasonable one, and every lover of fine art should be present to see this instructive as well as entertaining exhibition. They will be exhibited in panoramic view. See advertisement in another column.

Won't Meet To-Day.

The Republican mass meeting of the voters of Wake county, of that persuasion, which was called to meet in Metropolitan hall to-day, has been indefinitely postponed. We hardly know what object they had in view when certain of the faithful issued this call, but infer it was a kind of an anti Sherman dodge—perhaps to help along the Grant boom, in this State, a little. It is understood that this meeting will be held, however, at an early day. Some rich scenes are expected when it does as semble.

The Glass Ball Shooting Match.

Mr. John D. Creech having challenged the city to shoot at one hundred glass balls for the championship of Raleigh, Messrs. Ed. Englehard and John Pullen having accepted said challenge, the match came off yesterday afternoon in the vacant square near the residence of Julius Lewis, Esq., on Hillsboro Street.

Each one of the contestants shot at one hundred balls thrown from spring traps, and Mr. Creech won.

The following is the score:

Creech broke	93 balls.
Pullen "	90 "
Englehard "	81 "

All three of these gentlemen are excellent shots, as the above score fully proves, and we may look for another match soon.

Wake Superior Court.

Court met at 10 o'clock yesterday, Judge J. C. L. Gudger presiding. The following cases were tried:

State vs. Walter Egerton, forcible trespass. Defendant plead guilty. Judgment suspended on payment of costs

State vs. Henry Boylan, larceny and receiving, defendant plead guilty; judgment suspended on payment of costs.

Mibra Gulley et als, vs. E O Macy, administrator, et als.

Court adjourned, until 10 o'clock this (Thursday) morning, when the consideration of appeals from the Seventh Judicial District will be resumed.

railroad from Salisbury to Paint Rock than that given them under said mortgage, provided for in this act; and shall have no other power, right or remedy to enforce the same except by an actual foreclosure of said mortgage, as provided for in sections six and seven of this act.

SEC. 14. That three men shall be appointed as commissioners to supervise the building and completion of the railroad of said company, one of which commissioners shall be named by the Governor and one by said William J. Best and associates; the two thus chosen to select a third; and the decision of a majority of said commissioners shall be alike binding upon said State, and said William J. Best and associates. Said commissioners to examine said railroad not less than once in ninety days, and as often as they shall be notified that ten miles of said road have been graded, and again when the same shall be ready to be opened for traffic. The expenses of said commissioners shall be borne by said company, and the pay of the commissioners is hereby fixed at ten dollars per diem, each, exclusive of actual traveling expenses.

SEC. 15. That said company shall not discriminate against North Carolina towns and cities, in the matter of transportation rates and that no discrimination shall be made between the towns and cities of North Carolina.

SEC. 16. That when the railroad of said company shall have been completed to Asheville, a force shall be put to work on the Ducktown line and a sufficient force shall be kept at work to complete it as far as Pigeon River by the time the branch shall be finished to Paint Rock.

SEC. 17. That if the said William J. Best and associates, their assigns, or successors, shall be hindered or delayed for any good and sufficient cause for which they are, or either of them is, in no way responsible, and without negligence on their part, then the commissioners provided for in section 14 of this act shall allow a reasonable time for the completion of said lines of road after the dates fixed by this act for their completion.

SEC. 18. That sections 12 and 48 of chapter 228, laws of 1854-'55, and section 7 of chapter 106, laws of 1876-'77, and all other laws or parts of laws which conflict with this act be and the same are hereby repealed.

SEC. 19. This act shall be in force from and after its ratification.

Supreme Court.

Court opened at 10 o'clock yesterday morning. All the Justices were present.

The consideration of appeals from the Seventh Judicial District was resumed, and causes were disposed of as follows:

R W Thomas, executor, vs. Annie Lines et als, from Davidson; argued by J M Clement for part of defendants, and J M McCorkle for the others.

Robert Hull vs. Philips Sowers, from Davidson; argued by Hinsdale & Dever eux and W H Bailey for the plaintiff, and J M McCorkle and E G Haywood for the defendant.

Pending the argument in the last named cause, the court adjourned until 10 o'clock this (Friday) morning, when the consideration of appeals from the Seventh Judicial District will be resumed.

State vs. G W Swepson et al, from Wake: petition for a writ of *certiorari*; was set for hearing at the end of the docket.

The following appeals from the Seventh District remain to be heard, viz:

308—Hiatt vs. Waggoner et als.
307—Smith vs. Silver H. M. Company.
308—Williams vs. Johnson.
309—Peebles vs. Davie county.
289—McCanless vs. Reynolds.
221—Stith et als, vs. Freis et als.
301—Carter vs. Duncan.

John G Jones vs. C W Bunker, from Surry; stands continued under the rules.

Cooking Schools.

The Rev. Wm. R. Atkinson, formerly of Peace Institute, now of Charlotte Institute for Young Ladies, is in town for the purpose of making inquiries as to the workings of the Cooking School, the success of which is drawing the attention of schools in all directions. Mr. Burwell, to whom the South must always be indebted as the originator of the movement, will have the satisfaction experienced by all pioneers of knowing that his own hand cleared the way for others, and that the success of household science as a branch of actual education has been a success beyond a doubt. Mrs. Campbell, the superintendent of the school, while still making Peace Institute her headquarters and giving the regular course there, will another year be open to engagements from other schools or benevolent societies, and will organize Cooking Schools at any desired point, designing hereafter to hold the same relation toward this work in the South as is held by Miss Carson toward the North.

A Great Book of the War.

Everybody will want to read General J. B. Hood's "Advance and Retreat." The book is sold only by subscription. Messrs. Alfred Williams & Co., Raleigh, are agents, and will furnish the work at the following prices:

Prof. James A. Sewell, A.M.M.,

of Medical Faculty, Laval University, Quebec, states: "I have found Colden's Liebig's Liquid Extract of Beef and Tonic Invigorator particularly useful in advanced stages of *Consumption, Weakness, Dyspepsia*, and all *Nervous Affliction*s. In pregnant women it has been retained while every article of food was rejected. I can recommend it as convenient, palatable and easy of digestion."

Nerve

It is a great thing to have what it called *nerve*, and nothing contributes more to the power of physical control than named than Warner's Safe Nervine. It also relieves all kinds of pain, and cures headache and neuralgia.

Two Organs.

Regulate first the stomach, second the liver; especially the first, so as to perform their functions perfectly and you will receive at least nineteen twentieths of all the ills that mankind is heir to, in this or any other climate. Hop Bitters is the only thing that will give perfectly healthy natural action to these two organs.

THE BEST

MACHINERY

IS ALWAYS THE CHEAPEST

The reputation of the Great Southern Manufacturers

TALBOTT & SONS.

For the BEST AND MOST RELIABLE Machinery of all kinds, is not equaled by any other house in the United States. They have gained their reputation by the Standard Quality and Excellent workmanship of their Machinery and the most solid principles known to business.

THE SUPERIORITY OF THEIR MACHINERY

is more clearly shown when tested with best known manufacturers of other sections.

All practical men of experience buy the Celebrated and Reliable Engines, Boilers and Machinery of this justly celebrated House. Their Machinery is worth its price as much as one twenty dollar gold piece is worth another.

No man of experience or responsibility can say one word against this

GREAT SOUTHERN ENGINE BOILER.

They always give satisfaction.

YOU DON'T WANT

Cheap and inferior Northern work which will be dear to you at any price.

Those in need of

The Best and Most Reliable Machinery

shall save money when they buy from me. I will give as Low Price and Reasonable Terms as any Reliable Manufacturer.

THE NEW FRYER

This useful invention meets a long-felt need for a more convenient method of removing Oysters, Potatoes, and other fried food, with greater quickness, and all at once, from the boiling fat in which they have been cooked, and allowing the fat to drain from them while they remain over the fire; thereby getting rid more certainly of the superfluous grease, the objection so often made of the unhealthiness of food cooked in the ordinary frying-pan is done away with.

By detaching the supporter, you have for omelettes and other things, for which a drainer is not required, a deeper and better quality of frying-pan than has heretofore been made.

THE OVAL CAKE

is the most economical form of Washing Soap. All bar or square cakes wear down in use to a large flat piece, too thin to handle and, therefore, wasted; while the OVAL CAKE of

COLGATE & CO'S

"NEW" SOAP can be cut in two, the oval end clasped readily in the hand, and the larger end worn down almost to a wafer without any waste. COLGATE & CO. recommend their

"NEW" SOAP

(Trade-Mark Registered) to Careful Housekeepers, not only as superior in quality, but as in fact the most *economical* Soap now made.
